YOU CAN COUNT ON US

For over **8** years we have provided the Southwest with the best annual, B2B marketplace in the industry. Thousands of companies have trusted us to drive connections, create relationships, and nurture sales. Always remember, you are one handshake away from a life-changing client, contract, or project. We're proud to promote our great exhibitors and drive commerce in each of our regional events by generating the best one-stop shop for all things related to building and facility management.

Don't just take our word for it...

"I wanted to express my incredible experience with the SWBFM event that took place in **Phoenix** this past year. The event was wonderful, the staff was professional and organized, everything ran smoothly, and the attendance was great! My co-worker and I were able to meet many people working in the industry that benefited business long after the show. The attendee list that was provided allowed me to have contact with prospective customers long after the event which was PRICELESS during the shutdowns during COVID-19. I was able to still reach out to people that had attended and secure several jobs for our company. We are looking forward to exhibiting in 2025! "

"I've participated in several Pro Expo's shows across the country over the last decade. The Pro Expo's team has always made me feel like a valued vendor. They recognize and appreciate the time, effort and financial commitment we make to their shows. More importantly the show attendees are truly treated like guests by the Pro Expo's team. There's a hometown feel to their shows you don't find with some of the large facility management shows. We always come away from their shows with quality leads that result in new clients."

"Pro Expos Group is more than a tradeshow organization...
They're business relationship builders. They care for and grow your business before, during and after the show. John and the Pro Expos team have become more like family to me. I recommend if you make the wise decision of exhibiting at their event, that the owner of the company attends and worls the booth as opposed to sending sales reps. The clientel and decision makers who attend are the top decision makers that are more accustomed to dealing with CEO's and owners. The final reason to exhibit is that after doing the show and meeting the Pro Expo family, your company will gain 5 sales reps that will promote your company throughout their vast facility management network."

"Throughout my career I have presented at conventions and trade shows. The SWBFM Show was a blast. I interacted with local facility managers on the government and private sector creating, & allowing me to create new relationships. The show was well attended. My teammates and I look forward to seeing all again in 2025!"

"Of all the shows that I do. This is the one that provides the most value. They bring the right people together. They have the right discussion topics and the people that you work with here at Pro Expos are top notch – second to none.
